Any authorised usage of MIDA logos must comply with MIDA's requirements.

Any use of MIDA's logo must be (a) truthful, fair, not misleading, and (b) comply with MIDA's requirements, which may be modified at any time at MIDA's sole discretion. Always use the logo in the manner intended by MIDA. Do not alter them in any way. Do not make puns out of them or portray them negatively.

1. Vision

2. Mission

We build dynamic and sustainable investment ecosystem.

3. The Master Logo

4. Logo Rationale

The bold, block letters of MIDA represent the integrity and professionalism of the organisation. The colour grey suggests neutrality and reliability, whilst the new cutting-edge, dynamic and pioneering force of MIDA is now represented in the eye-catching, strong red motif that resembles an arrow moving forward.

5. Master Logo Elements

The MIDA logo consists of two elements: The logomark and tagline. The logomark is a specially constructed abbreviation of the brand name in its corporate colours. The logomark is designed clean and architectural to portray straight forwardness, progression, strength, accountability and authority.

The tagline, consisting of four words – 'Malaysian Investment Development Authority' exists in tandem with the logomark.

6. Colour Code (Red: Pantone 1797U; Grey: Pantone Cool Grey 11U)

The MIDA logo colour code in CMYK and Pantone is indicated by the marked numbers shown below:

C 0 M 100 Y 100 K 0
Pantone 1797 U

Black 75

Colour code '1' is chosen and applied to a specific design element of the logomark to contrast and draw attention to the overall logo. The colour code also serves to highlight an 'arrow', a symbol of progression and forwardness.

7. Minimum Clear Space

Clear space is the safety zone surrounding the MIDA logo & tagline. The clear space allows it to breathe and stand out wherever it is placed. It also ensures the logo & tagline remains unobstructed and clear.

The minimum clear space for the master logo is the height of the logomark, divided in half. Clear space between the logomark and tagline is half (0.5x) of the indicated minimum clear space. All clear spaces are marked 'X' as shown.

8. Display Treatment

Besides the main display treatment, the tagline can also be used in alternative variations to suit different applications such as primary vertical and horizontal tagline lockup variations as shown below.

Tagline lockup variations, for both the vertical and horizontal treatments should not be any smaller than the indicated minimum sizes – 2cm vertically and 1cm horizontally.
