

PROCEDURES AND GUIDELINES ON APPLICATION FOR EMPLOYMENT PASS (EP) FOR THE MANUFACTURING AND SELECTED SERVICES SECTORS

A. INTRODUCTION

MIDA has been mandated by the government in 2003 to evaluate and approve applications for expatriate posts in the manufacturing and manufacturing related services sectors (selected services). MIDA provides advisory and facilitation to investors via the approval of expatriate positions as a short-term measure to address the shortage of local talent to operate the approved investment projects. MIDA has also been authorised to sign the decision letters for expatriate post applications by the Immigration Department of Malaysia through its letter ref.: IM.101/HQ-F(S)/709/57/1 Jld. 3(10) dated 5 December 2007, effective from 1 January 2008.

MIDA has also been authorised¹ to assess and approve expatriate applications for Employment Pass (EP I, II, III) and applications for the Professional Visit Pass (PVP), under the MIDA Expatriate System, which is integrated with the Immigration Department of Malaysia's system (MYIMMs).

B. DEFINITION

- Employment Pass (EP) for manufacturing and selected service sectors, including companies with Representative/Regional Office (RERO) status, is a work permit issued to foreign professionals (expatriates) who intend to work in Malaysia and the application must be submitted through a registered company in Malaysia which act as the employer.

¹ This authorisation is in accordance with the conditions stated in the Immigration Department's letter Ref: IM.101/HQ - F(S)/980/1/1 Jld. 29(34) dated 23 September 2021 (refer to Appendix I), and the Ministry of Home Affairs' (MOHA) letter Ref: KDN.IM.S.600-1/3/11 Jld.15(14) dated 17 April 2023 (refer to Appendix II); and shall be read together with the letters from MOHA (NIISe Special Task Force) Ref: KDN.PMO.S.600-2/1/53 Jld.4(47) dated 20 May 2025 (refer to Appendix III) and MOHA letter Ref: KDN.IM. S 600-1/3/11 Jld 22 (7) dated 10 Julai 2025.

- There are two (2) types of expatriate posts processed by MIDA:
 - i. **Key Post** - is a permanent post for an expatriate that is essential for companies to safeguard their interests and investments. It is a high-level managerial post in tier 1 or 2 in foreign-owned companies.
 - ii. **Term Post** - is a temporary post for an expatriate with a specific period of time. The post requires qualifications and experience or skills/expertise related to the respective position. The main objective of the temporary post is to transfer technical know-how and expertise to local talent, with the position eventually being taken over by Malaysians.

- The consideration is given subject to the availability of expertise among Malaysians and efforts have been made by the employers to appoint Malaysians to fill the positions.
